

### Yew Class Timetable 2

**The timetable has been adjusted to allow for an hour of Golden Time on a Friday afternoon. If you aren't working to the structure of this timetable, make sure you allow yourself an hour of Golden Time at some point in the week!**

This timetable has been designed to support your learning during the lockdown period. The timetable adds up to four hours and thirty minutes of learning; you **must** do a minimum of three and a half hours a day and cover all the subjects that are on the timetable. For some of you, this structure will be how your parents choose to run the learning; for others, your parents may have to manipulate the timetable to fit in with their working hours and how they can best support you.
